I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

This compounded medication has relieved my symptoms of severe headaches, anxiety and depression. It has also cured the awful low backache associated with spotting, cramping and leg muscle spasms.
